

7.1.1 Measures initiated by the Institution for the promotion of gender equity

Gender equity in education means that males and females have equal opportunities in terms of economic, social, cultural, and political developments. If gender equity is exactly achieved, this will contribute to the future of girls and boys more than approaches men-centered, and girls will get benefits from public and domestic life as much as boys

1. Safety and security: It is a common phenomenon that most of the outstation students enrolling for different courses come out of their homes and cities for the first time in their life. It is therefore of utmost importance for institutions to provide them a comfortable and safe ambience of 'feel at home' within the campus.

2. CCTV Camera: 24 hour CCTV surveillance is maintained in the college.

3. Visitor register : The institute keeps visitor log register to record the details of any person entering the college premise.

6. Active participation by female staff and student Female faculty members and students also play a very active role in the events and fests organized by various committees and clubs of the institution. Girl's students along with female faculty members are allowed to go on industrial visits, technical exhibition etc..
7. Open and transparent system: Open and transparent system of recruitment and promotion of faculty and staff which is purely based on merit.
