

### **2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences**

For enhancing learning experiences the faculty members adopt many ways, for example, lecture method, interactive method, project and field work method, computer-assisted method, experiment method etc. Teaching and learning activities are made effective by these practices. Many teachers use the conventional black-board presentation methods, especially in mathematics, commerce and economics, where they teach mathematics and statistics as numerical solving. Also, some teachers use power point presentations and computer-based materials. Some use the lectures of you-tube to make learning interesting besides the conventional oral presenting methods. Some Student centric methods are given below:

**Project methods:** The project work stimulate student's interest on the subject and provide student an opportunities of freedom of thoughts and free exchange of different views. As per the requirement of syllabi, the project work is done. For example, the Projects are done in UG and PG classes like BBA, and MBA(IB).

**Interactive methods:** The faculty members make learning interactive with students by motivating student participation in group discussion, role-play, subject quiz, news analysis, educational games, discussion and questions and answers on current affairs, etc. Class room discussion in various topics are done under features. Especially, NSS, Science department, Computer and Business & Commerce department organize interactive methods many times in a year.

**ICT Enabled Teaching:** ICT enabled teaching includes Wi-Fi enabled class rooms with projectors, Language Lab etc. The institution adopts modern pedagogy to enhance teaching-learning process. The institution has the essential equipments to support the faculty members and students.

**Experiential learning:** Experimental/Laboratory method is used in science subjects to acquaint the students with the facts through direct experience individually. Students verify the facts and laws of the subject with the help of experiments. Especially, the Science department , business Studies and Computer science department uses this method. Students take interest and learn things via experiential learning.

**Student Seminars:** The Student seminars are organized where in the papers are presented by students on contemporary topics to enrich their learning experience.

**Summer Internship Program:** Summer internship programmes are organized for BBA -4th Semester and MBA (IB) -2nd Semester every year, In which students get industrial exposure.

**Group Learning Method:** Group Learning method is now being adopted through whatsapp group. Student share their notes and study material through this method.

**Black-board presentation:** In this method, each student is given a certain question. And student has to solve this problem in the black-board. The department of science this method.
